The Governing Board Has Three Core Functions:

- *ensuring clarity of vision, ethos and strategic direction.*
- *holding the Head Teacher to account for the educational performance of the school and its pupils, and the effective and efficient performance management of staff.*
- *overseeing the financial performance of the school and making sure its money is well spent.*

Luckington Community School Governing Board's Strategic Plan 2024-2029

Our strategic plan sets out what we need to do in order to implement the school's vision and values. This builds on our monitoring and evaluation of the school's provision, quality and standards. It sets out how we intend to focus and use our resources to ensure the school continues to provide high-quality provision for the community.

- 1) To continue to build and strengthen engagement and relationships between the school and key partners and stakeholders within the community.
- 2) To maintain optimal numbers on roll so that the school continues to be economically viable and sustainable.
- 3) To plan for and put in place strategies to ensure stability and continuity of leadership, staffing and governance.
- 4) To maintain the infrastructure of the school in line with appropriate conditions for quality first teaching and learning to occur.
- 5) To regularly review the educational climate in order to ensure that school leaders and governors explore all future options.
